

Fermi Users Group (FUG) Meeting

**26 September 2008
GSFC**

**F. Rick Harnden
Ilana M. Harrus
GLAST HQ Program Scientist**

The View from HQ

- **Ilana will assume the *Fermi* HQ Program Scientist role on October 1. She will also be serving in this capacity for Swift and RXTE. (Rick is retiring at the end of next month.)**
- **Dan Blackwood will continue as HQ Program Executive for *Fermi*. Mission management and oversight is transitioning from the GLAST Project to a GSFC Space Science Missions Operations team headed by Robert Sodano.**
- **The APRA program is no longer supporting ground-based activities: two proposals selected via the 2008 review will be funded using *Swift/Fermi* resources.**
